

"One of the main draws for me is the "one-stop" shop of Gallagher Law Firm. For legal services, I work with people I trust. My previous experiences with other Law firms were as a necessary evil. I don't believe anyone likes doing business with a firm like you are riding in a cab through the streets of NY. That feeling of "I don't know where I am going or how much it will cost me to get there" are very uncomfortable for anyone.

ICS does business with The Gallagher Law Firm because I can call the office, discuss the best approach to handle my issue, receive an estimate for the service, and get it done. The process is fast and fair and lets me get back to my business.

I have and will continue to recommend The Gallagher Law Firm to my friends and colleagues."
