

"Several years ago I came into contact with The Gallagher Law Firm through mutual associations in local nonprofit outdoor groups. Through ongoing contact I found them to be professional and very thorough in my dealings with these non profit associations. Based upon these characteristics, I decided to approach the Gallagher Law Firm with regards to a professional relationship with my clientele.

This is one of the best decisions I have made for my clients. The Gallagher Law Firm has been very good to work with, I write this with sincerity. Without hesitation I would continue to recommend the services of The Gallagher Law Firm to my clients, my friends and my family."
